Mr. Lee Martin
[redacted]

Dear Lee:

As soon as I get back from Salt Lake City and have one more go at trying to straighten things out with our idiot printers, I'll sit down and go over the list of just what's needed for National Coin Week. In the meantime, here is a book that the Bronsons prepared a few years back. It should be of some help. Also enclosed is a copy of the guidelines that we sent out this year.

Sincerely,
